

Policy on Corporate Social Responsibility

It is the policy of Wurth Electronics Midcom to have a positive impact on society through business practices that promote environmental and social responsibility.

Wurth Electronics Midcom is committed to the manufacture of environmentally-friendly products and is accomplishing this in part through the elimination of hazardous substances in its manufacturing processes and products.

Wurth Electronics Midcom requires its suppliers to understand and adhere to environmental regulations and directives.

Wurth Electronics Midcom provides a safe and healthy work environment for all employees while following strict safety practices.
